SUMMARY

As an enthusiastic and evolving Front-end Developer, I am actively seeking opportunities to contribute my skills and creativity to a collaborative development team. I have a solid foundation in **REACT.JS** and **JAVASCRIPT**, and I am particularly interested in joining a team where I can leverage my current project experience to craft intuitive and visually appealing user interfaces while continuously expanding my skill set in the field of Front-end development.

Experience

Full Stack Developer Intern

- Built an e-commerce website and timesheet dashboard using React.js and Tailwind CSS, enhancing user interactions.
- Designed responsive and attractive interfaces that look good on all devices.
- Used Tailwind CSS to create modern and consistent designs efficiently.
- Enhanced React.js skills by working with components and managing data effectively.

PROJECTS

SAVE MONEY

incomeexpensesmanagement

- Developed a responsive income and expenses management website using HTML, CSS, and JavaScript to streamline financial tracking.
- Implemented dynamic functionality with JavaScript for calculating and managing income and expenses.
- Enhanced user experience by designing an intuitive and visually appealing interface with advanced CSS techniques.
- Ensured full responsiveness and accessibility for optimal performance across all devices.

PORTFOLIO

Madhankumarvportfolio

- Showcased my projects and personal brand through a dynamic portfolio website.
- Managed React components and implemented functionality using JavaScript, emphasizing state management, hooks, and React Router.
- Styled the website with Tailwind CSS and integrated a message-sending feature for user interaction.
- Ensured full responsiveness, providing a seamless user experience across all devices.
